GUIDELINES FOR JUDGES DURING JUDGING TO ENSURE FAIR AND IMPARTIAL EVALUATIONS

▲ IMPORTANT NOTICE FOR JUDGES

Depending on the progress of the contestants' competition, Part 2 may finish significantly earlier than scheduled. Therefore, all judges assigned to Part 2 are requested to wait in the VIP Room on the second floor of the venue by 4:30 PM.

▶ GUIDELINES DURING JUDGING

1. Private conversations during judging

Please refrain from talking about the judging during the judging process. Judges must not talk to one another while viewing entries or exchange comments or evaluations, as such behaviour may influence the decisions of other judges. Your cooperation is requested so that every judge can evaluate fairly and independently.

2. Photography, sharing, and social media posts

Judges are prohibited from photographing entries under review and forwarding or sharing those photographs with other judges. In addition, do not post any photographs or information related to the competition or judging on social media until the results have been announced and the GALA PARTY has ended.

3. Judging evaluations

All contestants will be able to review the evaluations submitted by the judges at a later time. Judges' full names will also be displayed, allowing contestants to see which judge gave which evaluation to which contestant. Please conduct your judging fairly and responsibly.

4. When your own students are competing

If five or more of your own students are competing in the same category, you may not judge that category. Judges must evaluate only their pre-assigned categories. If this situation applies to you, please notify the event management team in advance.

CONTINUED

5. Communication between judges

Protocol judges and judges responsible for evaluating entries are not permitted to talk during judging.

Please conduct your evaluations independently and without influence from other judges.

6. Difficult cases or problems

If a judging decision or situation arises that is particularly difficult to determine or resolve, do not make a personal decision. The organizer, head judge, and HEADQUARTERS will discuss the matter and determine the final course of action.

Thank you for your understanding and cooperation in ensuring fair and smooth judging operations.

► FINAL CHECK AFTER JUDGING

1. Even after you have finished your own judging, do not simply leave or consider your participation complete. You must receive the final check. It is necessary to confirm that all judges have completed their judging. If even one judge has not finished, the judging process as a whole cannot be concluded.

2. After completing your judging, you must receive confirmation from the CONTENT MANAGER at the reception desk.

At reception, please speak to a staff member wearing the “JUDGE CHECK (CONTENT MANAGER)” sash shown in the photo below. Your judging will be considered complete only after the CONTENT MANAGER has completed the final check.

▲ Please do not leave before receiving the final check.

Thank you for your cooperation in ensuring that the judging process runs smoothly.
